

Your end-to-end portfolio and project management risk platform

Get the full picture on every project, contract and grant.

Don't discover a problem too late. SurePact is an award-winning SaaS solution that provides a unique 360 degree suite of risk identification and management modules for the delivery of projects, contracts and grants, through to asset realisation.

PROJECT MANAGEMENT

Manage all the components of a project in one place, and deliver projects on time, to budget and in full compliance.

CONTRACT DELIVERY

Manage delivery gateways, identify and mitigate risks and gain full transparency of all contract deliveries.

GRANT MANAGEMENT

Track the entire grant lifecycle in one central hub, with full visibility for stakeholders and funding bodies.

ASSET MANAGEMENT

Optimise your resources with easy access to all asset information across your organisation.

- 45%** Bottom line improvement
- 100%** Document compliance
- 100%** Closeout reporting compliance
- 30%** Time efficiency savings
- 25%** Variation reduction
- 80%** Contingency improvement
